2019-2020 Year in Review

The 2019-2020 TALL Social Committee year did not go as expected, but we made the best of it!

Joint Holiday Social

- The Social Committee assisted the President of TALL with the organization of the Joint Holiday Social with a number of other library associations, beginning in September. The Committee selected the menu, assisted with the registration at the event and the venue setup, and created the quiz for some of the evening's prizes.
- Following the event, the Committee wrote up a review document, "Joint Holiday Social 2019 - Takeaways/Suggestions," in hopes that it would help guide future events.

Coffee Roulette

- The Coffee Roulette program is into its second year, and continues to receive good feedback from TALL members.
- In March, as the city went into lockdown, the Committee made a snap decision to rename the program the TALL Virtual Coffee Roulette and encourage virtual-only meetings between pairings. As result, the program was able to add new participants who had previously been unable able to join due to the geographic restrictions.
- Kenya Hewitt and Erica Smith co-administered the program in its first year, and Devin New took over the administration in July 2020.

Social Media

- The Social Committee coordinated with Cecilia Rose on a number of posts throughout the year to advertise the Joint Holiday Social and the Coffee Roulette program.
